INDULGE A LITTLE

If your favorite nights out are still on hold, and social restrictions are still in place, how about indulging yourself with a little opulence and glamour in your own home. In this color palette, a dramatic, dark teal and black cherry hue are balanced with warm gold and faded rose, while the soft lilac-grey illuminates and highlights. As winter draws closer and the festive season beckons, get into the mood with this month's offering of luxurious colors for you and your family to enjoy throughout the celebratory season.

Warm and decadent, create a space that caters for both entertaining and relaxation. The velvety warmth of light to dark duo [Kung Fu](#) and [Blooming Perfect](#), and the cooler [Desired Dawn](#) are an ideal combination. Create a stylish focal point with sumptuous [Kung Fu](#) for walls, and contrast with shaded lilac, [Desired Dawn](#) for fireplaces. Accessorize with plush furniture and curtains in [Blooming Perfect](#) and statement lighting.

Break away from the traditional white ceiling and give guest bathrooms a luxurious makeover with a wall-to-ceiling paint scheme in soft pink [Blooming Perfect](#). Pale blue-green tiles are a gentle complement, and a bathtub side in [Desired Dawn](#) with added period features creates an environment of relaxed sophistication.

Dark and immersive, a monotone paint style in [Blue Period](#) transforms kitchen and dining spaces. This deep and dramatic teal hue is strikingly elegant, especially when paired with rich walnut furniture, dark marble surfaces and gleaming gold fittings.

Create a grand entryway with this allover statement paint scheme in glowing [Child of the Moon](#). Rich and warm, this golden hue is both opulent and inviting, ideal for staircases and landings. For a truly polished result, spruce up tired banister spindles, skirting boards, dado rails, door and window frames with the soft and illuminating [Desired Dawn](#) and finish with glossy varnished wooden flooring and stairs.

Simple yet impactful, the deep plush shade, [Kung Fu](#) creates an elegant and modern feature wall, while a complementary duo of [Blooming Perfect](#) and [Blue Period](#) on walls and paneling showcases bolder styling. Whether you're looking forward to entertaining, or simply staying at home with the family this holiday season, explore the versatility of this divine and luxurious palette.
